Message to Mayor & Council: I fully and completely disagree with the ruling on DVP 134 Parkside Development. It would seem that you have just approved a road with no parking yet you're allowing upwards to 250 people to live in that neighbourhood. That equates to 112 car or trucks..... With additional no parking!!!

The new's letter that was handed out to residence stated "All persons, who believe their interest in the property is affected by the proposed variances, shall be given a reasonable opportunity to be heard by Council at the meeting." My hand was raised on the ZOOM meeting the entire time! NOT ONCE was there an opportunity for logic to enter the room.

What type of group / council approves a such dense development with no ability to park on the street??????

Today I am deeply upset and frustrated at the folks I voted into council hoping they would us logic. Looking forward to the next election so I can help be apart of ending the madness and put people in the chair that actually care about or community.
